Collaborate With Peers

Join the industry May 31 - June 3 for Techno Security & Digital Forensics Conference in Myrtle Beach, SC.

Techno Security & Digital Forensics Conference delivers a unique conference experience that blends together the digital forensics and cybersecurity industries for collaboration between government and private sectors. The purpose is to raise international awareness of developments, teaching, training, responsibilities, and ethics in the field of IT security and digital forensics.

This brand has grown into one of the most important resources for corporate network security professionals, federal, state and local law enforcement digital forensic specialists, and cybersecurity industry leaders from around the world.

The mix of sessions and speakers covering current and relevant topics attracts attendees eager to learn and explore new products and solutions. Attendees in 2019 traveled from 41 states, the District of Columbia, and from 33 different countries to participate in this important industry gathering.

To ensure the event delivers the highest possible quality conference and attendees, the 2020 program will again feature vendor neutral, hands on, relevant and current seminars and will offer an opportunity for attendees to earn up to 32 CPE credits within the following seminar tracks:

- **Audit/Risk Management**
- **Information Security**
- **Forensics**
- **Investigations**

Industry Professionals

The conference exceeded my expectations. It was great to meet vendors of the software I use in my job and to see what is coming in the near future with forensic products.

Detective Kevin Heinig, Digital Forensics Examiner, Indian River County Sheriff's Office

This was our seventh year in a row at Techno Security & Digital Forensics Conference because we know we are going to meet our very important customers here and we are going to meet some fantastic prospects that will turn into great customers for us.

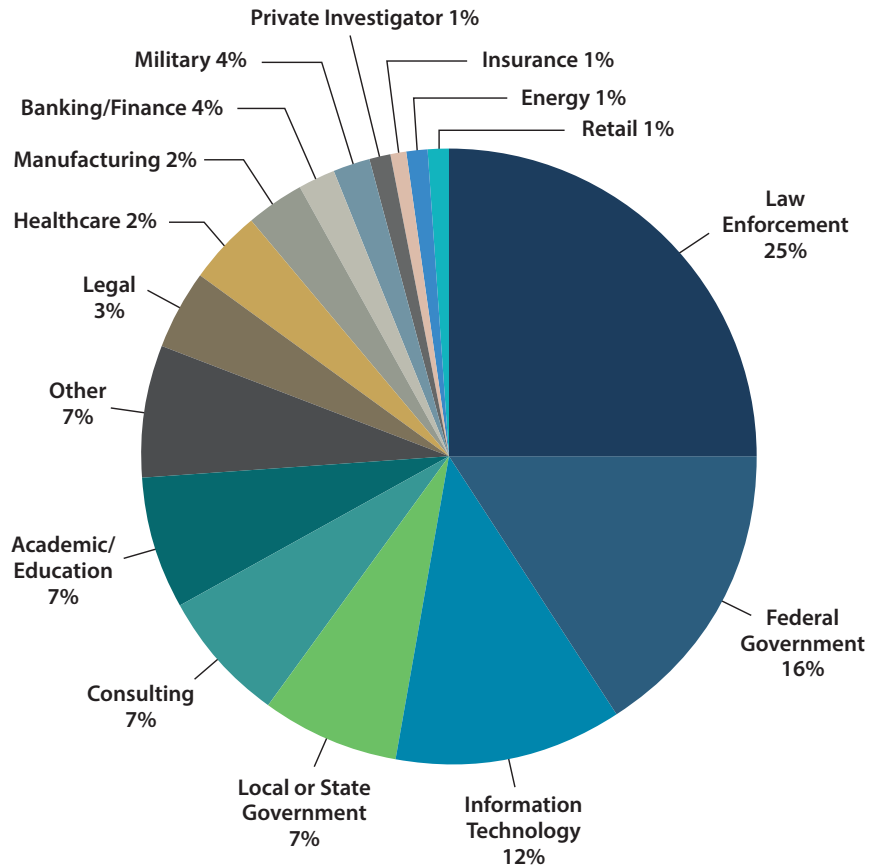

John Graham, Director of Sales & Business Development, Atola Technology
