Techno Security &
Digital Forensics
Conference

San Antonio, TX

September 30 - October 2, 2019
Hyatt Regency Hill Country Resort and Spa

Collaborate With Peers

Join the industry for Techno Security & Digital Forensics Conference 2019 at its new Texas location, the Hyatt Regency Hill Country Resort and Spa in San Antonio.

The third edition of the Texas based Techno Security & Digital Forensics Conference will be held September 30 - October 2, 2019. Join us as we move from our former location on the Riverwalk to the Hyatt Regency Hill Country Resort and Spa, just 20 minutes outside of downtown San Antonio. This location continues to expand the brand whose flagship event has taken place in Myrtle Beach, South Carolina for the past 20 years, and launched a third location in San Diego, California in 2019. Attendees within the Texas region who are not able to travel to either the East or West coast events are able to join us closer to home, and gain all the knowledge, networking, and training that the event provides to the cybersecurity/digital forensics industry.

This brand has grown into one of the most important resources for corporate network security professionals, federal, state and local law enforcement digital forensic specialists, and cybersecurity industry leaders from around the world. The mix of sessions and speakers covering current and relevant topics in audit/risk management, information security, investigations, and forensics, attracts attendees eager to learn and explore new products and solutions. Attendees in 2018 traveled from 35 states, the District of Columbia, and from 15 different countries to participate in this important industry gathering.

Event Highlights

450+ Cybersecurity & Digital Forensics Professionals

3 Days of Education & Networking

Reasons for Attending

**Gain Knowledge from
Education/Conference Sessions**

**Find New Products and Suppliers/
Meet with Sponsors**

**Keep Up with
Industry Trends**

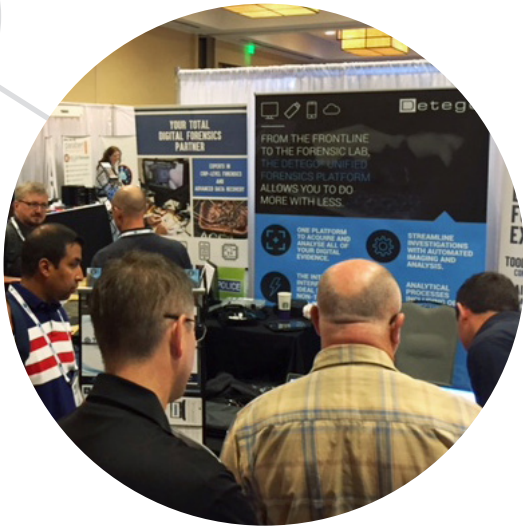

**Network with
Industry Professionals**

The attendees were quality and had a high level of engagement with sponsors. I was also pleasantly surprised at the number of international attendees. There were lots of folks from Sweden, Denmark, and Germany, all of whom stopped by the booth and were interested in our products (always nice!).

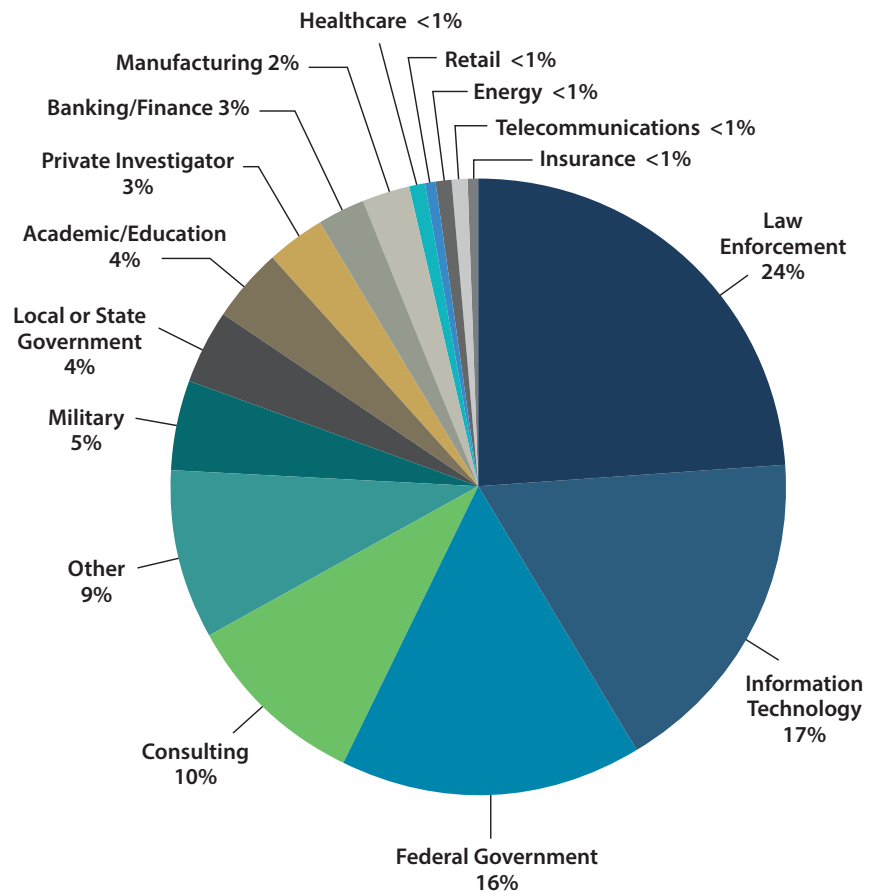

Jack Raubach, Marketing Director, Forensic Computers

Demonstrate Your Innovations

Sponsor Packages

Our streamlined sponsorship packages include electrical service, material handling fees, carpeting, tables and chairs so you can focus on your event marketing and not the logistics of organizing, ordering and providing separate payment to multiple onsite service providers.

An allotment of full conference passes is provided with each sponsorship. Your company knows who they need to see to have a successful event—let us help you get them there. Show management is available to help each sponsoring company invite and attract their top clients, prospects and VIP's, with additional personalized follow up to ensure their registration and host hotel accommodations are secured with simplicity and ease.

Product presentations/demos included at the Platinum and Gold sponsor levels. Based on feedback from attendees and sponsors alike, and to keep the sales pitch out of the educational line up, the 2019 event will feature dedicated sessions to learn specifically about the features and benefits associated with various sponsor products.
